

Fake photovoltaic panels

A start-up proposes forests of fake trees with "leaves" that soak up sunshine and flutter in the breeze to generate clean solar and wind power. ... explaining why solar panel ...

Know that "free" or "no cost" solar panel offers are scams. The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, ...

Yeah, and if it has an off button, definitely a fake solar panel. But regardless, portable battery technology has come a long way in the past 20 years. I remember when I was a kid you would ...

Faux stone panels provide a budget-friendly and realistic alternative to conventional stone. Made with high-quality materials, they closely resemble the texture and appearance of real stone, ...

These scams start with an unexpected phone call, message on social, or even an in-person visit. The so-called official offers you an "energy audit" to reduce your utility costs. Or they might try to sign you up for a "free" program to make your ...

Maybe by replicating the microscopic, glassy wonderland of the surface of a Blu-ray disc onto a solar panel, the engineers could up a solar panel's performance. This isn't as weird of an idea ...
