Can you curl long hair with a flat iron?

Fekkai explains that flat irons are better tools to use when curling long hair, and anyone with shorter hair should stick to a curling iron or wand. If you do want to try your hand at flat iron waves, however: Section off your hair into three or four sections, depending on how thick your hair is.

Should you use a curling wand or a flat iron?

Pro tip: When using a curling wand, try alternating directions you curl the hair for a more dimensional finish. Fekkai explains that flat irons are better tools to use when curling long hair, and anyone with shorter hair should stick to a curling iron or wand. If you do want to try your hand at flat iron waves, however:

How do you curl short hair?

The best curling technique for short hair is to use a smaller barrel size (around 1/2 to 1 inch), take small sections, wrap tightly from root to tip, and hold for a few seconds. Release and finger-comb for natural-looking curls that suit short hair length. Will curling short hair damage it more than longer hair?

How do you curl a curly hair?

Wrap 1 and 1/2 inch strands of hair around the iron away from the face. Use the iron like you would normally until halfway down the hair shaft. Then, flip the iron over to begin curling the hair. If you'd rather not heat-style your hair but still want effortless-looking curls, you can still achieve a curly look:

How do I make my curls last longer on short hair?

To make your curls last longer on short hair, start with clean, product-free hair, use a quality curling iron or wand, apply a lightweight styling product before curling, let the curls cool and set completely, and finish with a light-hold hairspray. Avoid touching or brushing the curls excessively throughout the day.
