

# Huineng Wind Power New Generator Set

Are Chinese wind turbines the world's top five wind turbine manufacturers?

"It's no surprise that Chinese turbine makers dominate the top five in our ranking, as buildout of gigawatt-scale wind projects and an end to pandemic restrictions sent installations soaring last year," said Cristian Dinca, wind analyst at BloombergNEF and lead author of its 2023 Global Wind Turbine Market Shares report.

Where is Dongfang wind power plant located?

The plant is operated by Inner Mongolia Dongfang wind power and new energy company. It mostly assembles the main engines of wind turbines and has been in operation for more than seven months, according to Zhou Shihui, production manager of the company's project in Hohhot, capital of Inner Mongolia.
