Who is Premier solar NW?

At Premier Solar NW, we take pride in having a team of friendly, experienced, and professional staff who are all local to Oregon and Washington. Our team members are passionate about solar energy and have the expertise to design and install solar solutions that meet our clients' unique needs.

How much does a 5 kW solar system cost in Washington?

While a 5 kW system will only cost you \$13,104 in Washington, doubling the system size effectively doubles the price, so you'll pay about twice that for a 10 kW system. The higher the price tag, though, the more you'll get back as a credit towards your federal tax bill. Are solar panels worth it in Washington?

Does NWES install EVSE?

NWES installs and services EVSE (Electric Vehicle Supply Equipment). Get an estimate today for an electric vehicle charger for residential, commercial, or multi-unit buildings. Northwest Electric and Solar offer options for battery backup installations in Washington State - which either can be installed with a solar system or alone.

Should I hire Premier solar NW?

Highly recommended PSNW. HIRE THEM. I've worked with hundreds of contractors across the country and Premier Solar NW is one of the best. They are professional, friendly, communicative, helpful, fast, hard-working, and competitively priced. At each step of the way they exceeded my expectations. You should hire them.
