Are solar panel scams common in Florida and California?

Solar panel scams in Florida and California are quite common, as they are in any region where solar energy is popular and incentives are provided. Scammers take advantage of people's limited knowledge about solar systems, providing misleading information that makes it hard for victims to recognize the scam.

Can a solar company install solar panels for free?

The underlying truth is a concept known as third-party ownership, where a solar company installs panels for free, but you enter into a lease or energy purchase agreement. Be cautious of long-term contracts and escalating payments, especially in solar leases and PPAs that may last over 20 years.

How do I file a complaint against a solar panel company?

Check your state's DOJ website for information on filing a lawsuit or settling a complaint in small claims court. With this, you have learned that filing complaints against solar panel companies involved in solar scams is quite simple. Let's finally read about some cases of solar panel scams in Florida and California.

How do I know if a solar contract is a scam?

Pay attention to warranties, cancellation policies, payment schedules, and try to spot any hidden fees. Honest businesses will give you time to go over the terms of the contract, understand the agreement, and let you sign it in writing. To learn more, visit [ftc.gov/solar](https://www.ftc.gov/solar). And if you spot a scam, tell the FTC.
