What sizes does pvpallet offer?

Watch the Full Product Demo. PVpallet's solar panel pallet is available in two sizes. Series X is designed for solar modules between 63.5" and 83.5" in length. Series XL is designed for larger 90" modules. Custom sizing is available upon request.

Are solar panel pallets reusable?

Adjustable, collapsible, reusable pallets engineered for solar panels. PVpallet's solar panel pallets, Series X and Series X.L, fit a range of panel sizes. These pallets are purpose-built with added features like protective sidewalls, a steel-reinforced base, and an efficient load management system.

Does pvpallet test reusable solar panels?

PVpallet does not warrant that all loads will perform the same as lab testing. PVpallet's reusable solar panel pallets can be adjusted to fit a range of panel sizes and are purpose-built with added features like protective sidewalls, a steel-reinforced base, and an efficient load management system.

Does pvpallet perform load capacity testing?

**As all products can have unique loading patterns and shifting characteristics, PVpallet recommends that customers perform their own load capacity testing. PVpallet's standard is to target and test to the maximum weight limits as shown in the specifications. PVpallet does not warrant that all loads will perform the same as lab testing.

What size Fork should I use for a pallet loader?

For loading from the long side (only if required for safety reasons), use a 42-inch fork. Use forklifts with a backrest greater than 48 inches whenever possible. ? The backrest may be extended using padded lumber to achieve 48 inches above forks. ? Side contact areas to backrest should be against the wooden parts of the pallet.

How do you use a forklift on a pallet?

Always insert the fork from the short side of the pallet, as long as it is safe to do so. Use the right-size forklift forks based on the pallet size. Do NOT use oversized forks. Use forklifts with a backrest greater than 48 inches. Do NOT press the forklift backrest into the cardboard.
