

Photovoltaic panel set scam exposure case

Are rooftop solar panels a scam?

While rooftop solar panels are becoming increasingly ubiquitous in homes throughout the United States, the industry also has a more sinister side: a seemingly widespread problem of fraudulent business practices that has cast a shadow over many solar panel companies.

Are solar panels a scam?

This isn't so much the sign of a scam as it is a word of caution and advice: solar installers should give you a lot of information when providing a quote, including things like model numbers of the solar panels they plan to use. For example, some quotes we've seen just say things like " Qcells panels " or " REC panels ".

Are solar panel scams common in Florida and California?

Solar panel scams in Florida and California are quite common,as they are in any region where solar energy is popular and incentives are provided. Scammers take advantage of people's limited knowledge about solar systems,providing misleading information that makes it hard for victims to recognize the scam.

How do I file a complaint against a solar panel company?

Check your state's DOJ website for information on filing a lawsuit or settling a complaint in small claims court. With this, you have learned that filing complaints against solar panel companies involved in solar scams is quite simple. Let's finally read about some cases of solar panel scams in Florida and California.

Is solar panel fraud a global issue?

And while the aforementioned data focuses on the United States,solar panel fraud is a global issue. It is especially prevalent in Canada,where in the city of Calgary alone,the amount of applications for rooftop solar panels "has increased by nearly 600% since 2020," said the CBC.

Why are prosecutors investigating rooftop solar?

Across the country,prosecutors are investigating high-pressure sales tactics and misleading financing arrangements. Some customers say they were victims of fraud and forgery. This threatens rooftop solar's impressive momentum. Now,some solar companies are working to repair the industry's reputation.
