Are solar panels a fraud or a deceptive business?

Updated on: September 19, 2024 / 5:50 PM EDT / CBS New York NEW YORK - The Legal Aid Society has filed a lawsuit accusing five solar panel companies of deceptive business practices and fraud. Lawyers say the companies work in tandem to target seniors and low-income residents with misleading advertising and miscalculations of cost.

Did vision solar sell solar panels to consumers?

Vision Solar sold solar panel systems to hundreds of consumers, allegedly promising certain solar-energy benefits and fast timelines for project completion. Consumers instead reported experiencing extensive delays, damage, and empty promises.

Are customer complaints a problem in the solar industry?

Customer complaints against the country's residential rooftop solar industry have increased dramatically in recent years. One-star ratings on Solar Reviews increased more than 1,000% since 2018. Across the country, prosecutors are investigating high-pressure sales tactics and misleading financing arrangements.

Are BP Solar panels eligible for a class action settlement?

If you have BP solar panels you may be entitled to replacement of the solar panels and/or a new inverter from a class action settlement. Important Updates: A new model number, BP365TS, has been added to the list of eligible Class Panels. Please see the Long Form Notice for further details.

Where can you complain about a solar company?

Part of the reason is that many customers who feel victimized don't know where to turn. "There's not really one place for consumers to complain to," says Jenifer Bosco, an attorney with the National Consumer Law Center. "If they do have a problem with solar companies, they can complain to the Federal Trade Commission.
