

Pros and cons of photovoltaic panels for rental houses

What are the pros and cons of a solar panel?

A solar panel is a device that helps convert sunlight into electricity. The pros of using solar panels include a lower carbon footprint, lower electric bills, potentially higher home value and tax credits. The cons include high initial costs, specific roof requirements, possible higher property taxes and storage costs.

What are the benefits of solar panels on a rental property?

Another benefit of solar panels on a rental property is the increase in property value. Advanced technology such as solar panels can attract more interest, especially from environmentally-conscious renters.

Are solar panels safe for rental properties?

By selecting a reputable solar installation company and implementing a proactive maintenance and inspection plan, you can ensure your solar panel system remains efficient and safe throughout its lifecycle on your rental property. Solar panels are generally considered safe for use in rental properties.

Should you add solar panels to a rental property?

Adding solar panels to a rental property can increase its desirability to prospective renters, which may lead to higher rental value. Tenants are attracted to the lower utility costs associated with solar energy, as well as the environmental benefits of using renewable energy.

Should you buy or lease a solar panel?

Choosing the right solar panel financing option will make going solar more affordable and extend your long-term benefits. A solar lease can help you avoid hefty upfront installation costs and enable you to benefit from energy savings sooner. However, it can also negatively impact solar incentive savings and home value.

Can solar panels be depreciated on a rental property?

Generally, solar panels installed on a rental property can be depreciated as a capital improvement, allowing you to recover some of the installation cost and reduce your tax liability. This is typically done by spreading the cost of the solar panels over their useful life, according to the tax laws in your jurisdiction.
