

Rental generator quotation

What types of generators can I rent?

Our rental inventory includes diesel generators, natural gas generators, UPS power system trailers, standalone UPS power systems, and additional critical power equipment. Whether the requirement is for a data center, bank, concert venue, oil rig, or a winery.

Can I rent a diesel generator?

We have diesel generator rentals available for all your temporary power needs. We offer nationwide rentals for all commercial and industrial applications, in sizes starting at 50 kW and larger. If your business needs a temporary backup or prime power solution, we've got you covered. Single, double, and triple shift rates available upon request.

Why should you rent a generator?

Reliability: Whether you use it as a primary or backup power source, your generator rental will provide electricity when and where you need it, giving you peace of mind. **Efficiency:** Most of our generators are late-model units that deliver maximum operating and fuel efficiency.

Can you rent a generator at Home Depot?

Additionally, generators are also useful for recreational activities such as camping and tailgating. Stop by your local Home Depot Tool Rental Center to see how we can empower you. In need of a generator? Rent a generator that fits your specific needs from tailgating to emergency power from your local Home Depot.

Where can I rent a gas generator?

Look for our chat agents, bottom right corner, during normal business hours. Global Power Supply has natural gas, dual-fuel, propane, and field gas generator packages available for rent or lease. With sizes starting at 50 kW and up to multiple MW applications, we're prepared for any industrial or commercial rental requirement.

What should I consider when renting a generator?

Another thing to think about is the fuel source of your generator rental. Generators are typically fueled by gasoline, diesel fuel, or propane. Gasoline - Choose a gasoline generator if you are using a smaller unit. Gasoline is readily available most of the time, but has a short shelf life compared to other fuel types.
