

Solar panel after-sales service

What if I have a broken solar panel?

If you have a broken solar panel, call our Service Department first. You should never attempt to remove a solar panel on your own. Our service team will either repair it off-site, or recycle the panel at a glass recycling facility. Alternatively, you can post your panel online and give it to someone who will repurpose it.

Can solar panels be repaired?

Yes, solar panels can be repaired depending on the type of damage, but it's typically better to replace the damaged panels. Our Service Department can inspect your system to see whether the fix can happen on-site.

Why is solar panel servicing important?

Solar panel servicing is essential to maximize the energy production and efficiency of the system. It ensures that your solar system generates the electric bill savings that your solar company promised you. Regular maintenance ensures the panels are clean, debris-free, and operating at their peak performance levels.

How do I deal with damaged solar panels?

To deal with damaged solar panels, a certified professional solar installation service like Coldwell Solar needs to inspect the damage, find the right replacement components, and re-install as needed. Since this can take additional scheduling, it's important to find out if solar panels have been damaged as quickly as possible.

Does Coldwell solar offer solar installation maintenance?

Coldwell Solar is pleased to offer solar installation maintenance for any farmer or processor, commercial business, school or government entity, or large-scale utility solar system that needs it - regardless of who originally installed the solar energy system.

Why do you need a solar panel cleaning service?

Regular solar panel cleaning helps a productive solar system stay healthy and continue producing for your home. Back up the energy that your solar system generates. Energy Storage keeps the lights on during storms and outages. If you are planning on or already have an electric vehicle, an EV charger will ensure you are always ready to go.
