

Xiongan Power Grid Company Small and Micro Enterprises

What is Xiong'an group?

Xiong'an Group was set up in 2017 as a company to help build the city's basic infrastructure, with loans from China's big four banks plus China Development Bank. Housing development has mostly been undertaken by SOEs like China Merchants, China Resources Land, and Poly Group, and China Rail Construction.

Is Xiongan a new area?

Numerous skyscrapers under construction, modern neighborhood compounds filled with green and driverless buses crisscrossing on new asphalt roads are just a handful of the indicators reflecting the rise of the Xiongan New Area in north China's Hebei Province.

Who builds Xiong'an?

In reality, Xiong'an's construction and technology platforms are being carried out primarily by state-owned enterprises (SOEs). Xiong'an Group was set up in 2017 as a company to help build the city's basic infrastructure, with loans from China's big four banks plus China Development Bank.

How many companies are in Xiongan?

Specifically, China's state-owned enterprises have set up more than 140 subsidiaries and branches focusing on industries such as information technology, modern life sciences, biotechnology and new materials, among others. "Xiongan is a young city with great potential," said Zhao Can, an employee of Hebei Xiongan Urban Construction Co., Ltd.

Why was Xiongan established?

Located 105 kilometers from both the capital Beijing and the coastal metropolis Tianjin, Xiongan was established to relieve pressure on Beijing while promoting the "coordinated regional development" of the Beijing-Tianjin-Hebei region. The city is expected to be comparable to the Shenzhen Special Economic Zone and the Shanghai Pudong New Area.

Is Xiong'an a sci-tech innovation city?
