

Longi M10 photovoltaic panel

What is Longi high-efficiency solar module?

LONGi High-efficiency solar Module, widely adopting PERC solar cells technology, Half-cut Module Technology and Bifacial PV technology, Mono Silicon Crystalline Technology has become a leading manufacturer and brand in the export and installation of monocrystalline silicon solar photovoltaic module.

Why is Longi a leader in the semiconductor industry?

*LONGi took the industry lead in standardizing wafer size and achieving 100% diamond wire cutting of mono silicon wafer. *In 2021, the company's global sales performance, market share and brand influence ranked it 1st in the world, with its total shipment volume of domestic and exported modules exceeding 2nd place by more than 10GW.

What is a large-format module with M10 wafer size?

Large-format modules with M10 wafer size use dual-glass and frame packaging to ensure module strength. Smart module packaging solutions are used to achieve high reliability, low-cost transportation and logistics. The working current is about 13A, which is perfectly adapted to mainstream string inverters.

Longi launches 590 W TOPCon solar panel with 22.8% efficiency. The new series comes in seven versions, with power outputs between 560 W and 590 W. The power conversion efficiency ranges between...

LONGi p-type monocrystalline silicon wafer has mature technology, mature equipment and mature production line. ... M10:155 ± 10 mm 150 ± 10 mm G12:150 ± 10 mm Wafer inspection system Item: ... P-type silicon wafer ...

LONGi Solar is one of SolarReviews" top-ranked solar panel manufacturers. LONGi offers 3 types of solar panels for residential use, ranging from 355 W - 425 W. LONGi solar panels cost about \$2.40 per watt, which is lower than the U.S. ...

LONGi 400W Hi-MO5 utilizes advanced bifacial technology, maximizing energy production by capturing sunlight on both sides. Featuring 108 half-cut M10 cells, it reduces resistive losses ...

LONGi offers professional consulting services, N-type silicon wafer production expertise, technical knowledge of PV power plants, and full life-cycle O& M capabilities. LONGi n-type monocrystalline silicon is an efficient product. A ...

Renewable energy accelerates the replacement of fossil energy. With "Solar for Solar", LONGi officially joined the Global Initiatives RE100, EV100, EP100, and will keep building towards ...

Photovoltaic panels 560W - Longi Hi-MO 5m LR5-72HPH 540-560M The Longi Hi-MO 5m LR5-72HPH

Longi M10 photovoltaic panel

540-560M photovoltaic panels are an efficient and reliable solution for solar energy generation. These 560W high-power panels are ...

The LR5-72HTD model is based on M10 wafers and is a great choice for large-scale photovoltaic systems. Photovoltaic panels 580W - Longi Hi-MO 6 Explorer LR5-72HTD 550-580M-V03 UT Hi-MO 6 Explorer LR5-72HTD is a series of ...
