How do I install a solar PV system?

The first step in installing a solar PV system is meeting with a qualified solar installer. During this initial consultation, the solar company will: - Assess your energy needs : By reviewing your electricity bills and understanding your consumption patterns, the installer can recommend the right size and capacity of the solar system.

How to install solar panels?

The basic system is to start with the installation of a rack or platform. If the panels are roof-mounted, a roof racking system is first installed. A ground platform is needed if the panels are ground-mounted, and installing the solar panels is not difficult. What is more difficult is wiring them.

How do I choose a solar installer?

Choose a solar installer. An installer can help you determine whether your roof is suitable for solar panels. Begin by researching qualified, insured installers online or asking for recommendations from people who've gone solar. Comparison-shop by asking multiple installers to come assess your roof.

How do I prepare for a solar panel installation?

Homeowners usually don't need to perform much work to prepare for solar panel installation. Contractors will provide a list of things to do, if necessary. Make sure the roof is free of obstructions, such as overhanging tree limbs and a satellite dish.

How long does it take to install solar panels?

The process typically takes between 1 to 3 days depending on the complexity and size of your system. Here's what happens: - Mounting the panels : The installers will begin by securing mounting brackets to your roof or the ground (if it's a ground-mounted system). The panels will then be securely attached to these mounts.

How do you install solar panels on a roof?

Start with the racking system, which you'll fix to your roof to hold your panels in place. Measure the space you have on your roof, and then arrange a solar panel design on the ground that fits within the allotted space. You can use chalk lines to create a guide for yourself on your roof.
